Justbtouched base with lumber yard for eta of materials , someone just cleaned out there stock it will be friday the earliest they can replenish. I called hancock and they say two days , they are closer and sending me there estimate . Stay tuned . Trying to make sure we schedule a boom truck etc and i will have to go inspect snow depth ahead of delivery . Worse case we would have delivered to white lake onto trailer and haul in as we need .

Thank you Brian

We get the work done up on the bridges. This snow may not stay, but with it snowing out my office window, it reminded me that we would like to get an answer about the bridge we looked at last week for this winter.

Thanks,

Chris

This is what middleton lumber in meredith has brian. They do credit cards over phone for you , if you prefer to use hancock in N. conway that works also , just let us know when. Best bet for delivery is up toad hill road coming in from backside .
No room to turn large truck around up langdon brook .

Mike,

I thought I sent this quote to you Friday afternoon, but there is nothing in your folder or 'sent', so here it is.
We do not have nearly enough 4x6-12' to cover this order. I can get about half by the end of the week.
Remainder probably a week after that. Same with GRK Screws.

Let me know.

Thanks
Bill-MBS
