Hi Ridge,

Of course, I will be back in the office tomorrow and can give you a call first thing in the morning if that works? Around 8am?

Thanks!

Lindsey,

Having had an opportunity to review the plan set you provided in the email below, I note that there remains some discrepancy/confusion between plan sets dated December 2022 and November 2022. Please let me know when you have a few minutes to discuss as I think a phone call would be the best way to eliminate any confusion.

Perhaps there are no material differences between the two plan sets, but to avoid any confusion in

the future, I want to be sure the record files reflect those referenced within the permit.

Thanks,
Ridge

I'm using Mimecast to share large files with you. Please see the attached instructions.

No worries! These should be the plans with the correct cover sheets.

Thanks!

Hi Ridge,

We will adjust the cover page. I believe you mean the December 20, 2022 plan set that we sent over to you Monday, correct?

Thanks!

Lindsey E. White, CPSS

Lindsey,

The plan set provided (cover sheet: November 16, 2022) is not current to the set in DES files (cover sheet: December 22, 2022).

Regards,
Ridge

Hi Lindsey,

Permit attached. Now that the permit has been issued, in accordance with Env-Wq 1503.20 (e), **within 7 days** of the issuance of this permit please submit copies of all approved project documents in PDF. Please review the guidance below relative to submittal of the documents. Thanks.

-Ridge

Before you send your documents, check to make sure that: 1) the submittal contains the report and plans that were approved, not ones from an earlier submittal; and 2) it contains all the approved documents

PREFERABLY..... the submittal consists of only 3 PDFs.

AoT-xxxx Plans.pdf

AoT-xxxx Drainage Report.pdf

AoT-xxxx Miscellaneous.pdf

Some engineers save each plan sheet as an individual PDF and/or each storm event as an individual PDF. This makes it time consuming to verify that the PDFs are what we permitted. PLEASE save the full plan set as one PDF and the drainage report as one PDF.
