Chris,

Just an FYI. Craig just met with Mr. Mullins about his property on 145. He is going to keep his property closed.

According to Craig one of the major reasons is the crossing permit. Craig told him that you had resubmitted to DOT on October 22nd. Phil is telling Mr. Mullins that he has no paper work on that.

If Mr. Mullins is going to keep it closed then maybe the meeting should be canceled with Mr. Harris.

Craig is going to call you.

Clint

Phil

The club had a meeting with him the other day. This updated permit application was resubmitted to you in October and the eastern side of the road is on the list of areas to be paved this spring. Mr. Harris put in a petition warrant article in Colebrook to close all town roads for OHRV use.

I have to be in Colebrook the evening of the 13th for another meeting so I should be able to make up that day to look at this crossing.

Hi Chris,

I received the attached letter from Stan Mullins yesterday regarding the OHRV xing on NH-145 in Colebrook. I also wanted to make you aware that on March 13th Lt. Prince and I were asked to meet with a Mr. Richard Harris up in Colebrook regarding this crossing in particular. I am not sure what else he wants to discuss, but has mentioned safety concerns, which is why he wanted Gary to be there. I also mentioned that I would want to invite you and he was fine with that. We have not picked an exact time yet, but have narrowed it down to late morning. I will let you know as we get closer what time and location. Mr. Harris has also mentioned the possibility of Coos County Commissioner Rick Samson being there as well.

Thanks

Phil
