Good Morning Dave

Phil and Sabrina should have everything they need for the 2 Pittsburg crossings. Once Phil gets back next week I assume he could get us the permits and we can let the club know.

Thanks,
Chris

Hi Preston-

I am told DNCR was in touch with the club over the weekend. DNCR has withdrawn the application for the crossing at Spooner Road. I anticipate the crossing permits for the other 2 locations will be issued by mid next week.

Please let me know if you have any questions.

Please work safely....

Dave

Hi Preston-

The Department will not be approving crossings today. We have been working through our reviews with DNCR. DNCR and DOT both agree we need to take a little more time. DNCR will look closer through the plan with the club next week.

I will call you to discuss if I miss you, give me a call any time [REDACTED].

Please work safely....

From my perspective if they raise their driveway, then there may be a problem with grade and drainage in this area and the driveway may not meet our policy requirements... I am not sure who from "the club" is making these decisions. My recommendation is that they don't build anything right now until we get this situation figured out. Chris Gamache asked us to hold off on making a decision until they look into options as per the attached email.

Thanks

Phil

Good Morning,

Here is the e-mail that was sent to us from the owners of the Buck Rub Pub :

It seems as though the ATV club has told them some other things to do, and the Constituent is also asking when they can begin construction.

Please let me know at your earliest convenience, due to the fact it seems as though they are ready to start construction.

Thanks for all your help on this!

Sincerely,
Preston

Good morning Preston,
What do we need from DOT or yourself to move forward to begin construction on the trail? Will there be verbal or written permission?
I was told last night by the president of the ATV club that to get the Spooner Rd crossing we would need to build up the driveway for line if site to the south of Rt 3. We plan to have that completed this weekend. We also will be moving the sign to have better visibility.
Thank you,
Sandi

Hello Preston,
Please find attached several maps as well as the contractor quote for the NEW proposed ATV trail.
The OLD trail went behind the Buck Rub and came off of HILL RD. (SOUTH OF THE BUCK RUB) crossing Rt 3 to THE TARNES RD. this crossing has been closed.
The new trail is on the NORTH side of the Buck Rub and CROSSES RT 3 from SPOONER

RD TO 29 HIDDEN ACRES RD (which is the BUCK RUB'S HIDDEN ACRES CAMPGROUND)
OR the second crossing; CROSSES RT 3 FROM 2277 N MAIN ST. (WHICH IS BUCK RUB'S
OFFICE & ALSO THE NEIGHBORING PROPERTY TO THE BUCK RUB PUB AND LODGE) TO
THE CAMPGROUND AS WELL.

The trail then goes through the campground via the road into campground and existing
snowmobile trail (State Trail #142) This is where the contractor noted the 2765 feet of
gravel and cobblestone. The trail then follows onto The Fitch Property (Which is where
the new trail needs to be cut and graveled, the 1600 feet the contractor noted in the
quote).

I have marked the maps and color coded them to try and show you the detail.

BLUE- TOWN ROADS - ATV SHARED ACCESS – SPOONER RD. AND BEACH RD.

YELLOW – NEW PROPOSED TRAIL AS DESCRIBED

PINK – **THREE ROUTE THREE CROSSINGS – **WHICH WE ARE WAITING FOR THIS
TRAIL TO BE CREATED

GREEN – LOCATION OF BUCK RUB PUB & LODGE IN RELATION TO THE NEW TRAIL

Please let me know if you need more information and please confirm receipt of this
email.

Thank you so much again!

Sandi
