Subject: RE: ATV Crossing - US Route 3/NH Route 145 in Colebrook, NH

Hi Commissioner,

DOT has the information they asked for. They have not asked us to make a 'plan' for the abutting property the highway would connect to before and it took a few weeks to get the landowner on board with what the proposal would be.

Phil B is off today and not back into his office until Monday. When I gave him the plan his reply was that it was not quite as good as he would want, but we don't have an engineer in this agency and what was provided was good enough to show them what we intend to do.

I have some other thoughts but they would be better in person.

Chris

Hey Chris- is there anything we need to do or can do- to help move this along? Please let me know if there is anything I can be helpful with!

Thanks,
Sarah

Commissioners Sheehan and Stewart,

Senator Starr's office has received quite a few calls from Colebrook businesses and residents about a proposed ATV crossing on US Route 3/NH Route 145 in Colebrook. Based on the perspective of those calling from Colebrook, the crossing has been in review for a month and a half since a public meeting was held on the trail. Many of those calling hoped to have the crossing's approval by July 4th.

I reached out to NHDOT's Mr. Beaulieu for an update on the matter. Please see the e-mails below. NHDOT has collected information from DNCR, and will be reaching out for some more information soon.

Senator Starr would greatly appreciate any steps NHDOT or DNCR could take to expediate this review process, hopefully leading to the crossing's approval. Please let me know if you have any questions.

Very best,

Griffin Roberge
Legislative Aide to Senators Bob Giuda & David Starr

Phil,

Thanks for the e-mail. I'll relay this information along to those Colebrook residents who contacted me. As mentioned, some Colebrook residents would like to see the crossing's approval as soon as possible. Senator Starr would greatly appreciate any attempts made by NHDOT and DNCR to expedite the review of this ATV crossing, hopefully leading to its approval.

Have a great weekend,

Griffin Roberge

Hi Griffin,

We have been working with DNCR on getting the Colebrook on-highway applications to a point that I can bring them to our Commissioner's office for review. I recently received a plan from DNCR that shows the location of the proposed access point on NH-145 and will be following up with them shortly to get a little more information. Unfortunately, I will not be getting this information to our Commissioner before tomorrow's holiday or this upcoming weekend. Let me know if you have any other questions.

Regards,

Phil

Phil,

Senator Starr has been contacted by a Colebrook town official and a Colebrook business owner looking for state approval of a proposed ATV crossing in Colebrook. However, the town has not received that state approval yet and many businesses have been hoping for the crossing's approval for the July 4th weekend. Is there any update you could provide on the status of this crossing? If the crossing has not been approved yet, what the reasons for that, and when would it be approved? Any further information on this matter would be greatly appreciated at your earliest convenience.

Sincerely,

Griffin Roberge
