Please see below.

Apparently DOT is waiting for information from the Bureau of Trails to complete the approval process.

Thank you in advance for getting this done. It is a shame that there is no real connection to Colebrook from Clarksville, Stewartstown and points east without going up thru Pittsburg almost to Canada and back down Halls Stream Road.

Your attention is appreciated.

Thank you,

Hi:

DOT is waiting for the Bureau of Trails to submit an updated plan for the access to Rte. 145. You can reach out to them at 603-271-2412.

Hello,

What can be done to expedite approval of the new atv/utv road crossings in Colebrook across Rte. 145 and Rte 3 that will allow connection to Colebrook and the rail trail without having to go up through Pittsburg and down Halls Stream way?

Apparently everyone is waiting for the State's approval.

Thank you,
James Nadon
