Good morning,

Sorry about that and understood. Please see the link below for the permit as approved with the correct plans as noted in the approval.

[E194\\_U181 Alteration of Terrain Permit - final\\_as submitted.pdf](#)

Thank you,  
Katy

[ Caution - External Sender ]

Please see permit Project Specific Condition #1 (attached). The plans dated as referenced in Project Specific Condition #1 were the plans provided by an email dated July 27<sup>th</sup> (2<sup>nd</sup> attachment). Since plan dates are specifically referenced in the permit, as a basis of the approval, the record plans can't reflect a different date. If there was a reason to change the date of the record plans, that would have to be reflected in an amended permit.

Please call me if the above explanation is unclear to you. Thanks.

I updated the date on the plans provided in the as approved to reference the July 27, 2023 date as that was the date they were submitted and approved. There should be no difference from the plans submitted on the 27th.

Hi Katy,

The permit (attached) was based upon and references the plans provided via email on July 27, 2023 (2<sup>nd</sup> attachment). The plans provided in the link below differ by date. Were there any modifications between the 2 sets of plans? If not, please provide an "as approved" document with the plan set referenced in the permit.

Thanks,  
Ridge

Hi Katy,  
Permit attached. Now that the permit has been issued, in accordance with Env-Wq 1503.20 (e), **within 7 days** of the issuance of this permit please submit copies of all approved project documents in PDF. Please review the guidance below relative to submittal of the documents. Thanks.

Regards,  
Ridge

*Before you send your documents, check to make sure that: 1) the submittal contains the report and plans that were approved, not ones from an earlier submittal; and 2) it contains all the approved*

*documents*

*PREFERABLY..... the submittal consists of only 3 PDFs.*

*AoT-xxxx Plans.pdf*

*AoT-xxxx Drainage Report.pdf*

*AoT-xxxx Miscellaneous.pdf*

*Some engineers save each plan sheet as an individual PDF and/or each storm event as an individual PDF. This makes it time consuming to verify that the PDFs are what we permitted. PLEASE save the full plan set as one PDF and the drainage report as one PDF.*
