---

I believe that it only needs once a year.

Clint

I think (please confirm Maggie or Clint) that Bordeaux needs only one inspection each year.

Yes, we are still on.

What are the requirements for the Bordeaux Trail? Is that a once annual check, or is that a twice a year like the Kelsey Notch Trail?

Are we also going to look at the Bordeaux Trail? I can be at your Lancaster office by 830 I think. I may drop off a truck somewhere north of Lancaster so I can download some temperature data loggers that are in Nash Stream and tributaries after our site visit.

John
