Glenn-

This is what D1 has. There are a couple sections in D2 and one in D5. Some of these were done by permit, some directly by legislation.

Subject: RE: List of approved trails RSA

Caleb,

Do you have a list of permitted OHRV corridors on state roads outside the Class IV roads?

Thanks -Glenn

Subject: List of approved trails RSA

Glenn- As discussed this is the RSA that requires the Bureau of Trails to maintain a list of all approved OHRV trails.

215-A:29 OHRV Operation and License. -

XI. No person shall operate an OHRV on the property of another unless such operator has obtained written permission from the landowner except as follows:

(a) Verbal permission given to an OHRV club or to the chief of the bureau of trails shall be adequate for operating a wheeled OHRV on trails established by organized OHRV clubs or on trails designated by the chief of the bureau of trails as wheeled OHRV trails. A list and description of such wheeled OHRV trails shall be maintained by the chief of the bureau of trails and shall be available to the public upon request. Individuals operating wheeled OHRVs on such trails shall not be required to obtain specific landowner permission.

I am not aware of the requirement for snowmobile trails and it is not easily discoverable. I am sure BOT could provide direction on whether they must maintain a similar list by law.

Thanks,

Caleb
