**Subject: AOT Application #230125-016, Eversource M183
Electric Transmission Line Structure Replacement**

Dear Mr. Kurt Nelson:

On February 8, 2023, the CRLAC reviewed the above-referenced Alteration of Terrain Application for the M183 Electric Transmission Line Structure Replacement.

Although the Committee reviewed the project and plans and determined the minimal impact on the Cochecho River corridor would occur, it was noted that the project appeared to be outside the jurisdiction of the committee.

Therefore, the Committee unanimously felt no further comment was necessary on the project.
Sincerely,

J. A. Mullen, Jr.
