**To:** [Mason, Scott](#); [Earl Duval](#)  
**Subject:** Let's meet up  
**Date:** Friday, May 27, 2022 11:43:00 AM

---

Scott- I am hoping we can find some time next week for me to introduce you to Earl Duval. Earl works for the Cog Railway and is leading the planning and permitting process for their new project called "Lizzie's Station" on Mount Washington. Earl met with our team here at the DNCR to go over the next steps to evaluate and study the vegetation on the site. Earl is eager to get to know the folks at Fish and Game to learn what the process is to ensure proper consideration for wildlife there as well. I thought it would be helpful if I made the initial introduction and ask Earl to walk you through their project plans. Tuesday at 2pm works for me. Thursday is pretty flexible all day. We could meet up for lunch on Thursday if you want.

Have a great Memorial Day weekend!

Sarah
