Re: OHRV crossing

Dear Phil Beaulieu,

The board of Selectmen, Town of Pittsburg, are writing you in strong support of the 3 OHRV crossings in the Town of Pittsburg. These crossings are needed to benefit the local businesses and land owners. These crossings being closed have had a negative impact on economic standing of many businesses in the town and North Country. The North Country depends on the tourism to keep things going.

Please take this under consideration when voting on these crossings.
