---

Hello,

When we met last summer up on the B-G Road, I was under the impression that we would be receiving a detailed plan showing the Lane Diet as proposed by the State. To date, I have not received anything from NHDOT. I just received the email below from Chris Gamache with a drawing included. He is requesting that a Public Hearing be scheduled for January 27, 2020 with regard to the lane diet.

Do you have a plan/drawing prepared that is more formal/professional than the one Chris supplied in his email below? I would prefer to have a drawing from NHDOT to show the Board of Selectmen prior to scheduling a Public Hearing on the subject. This sketch is not exactly what I had in mind to present to the public, either.

Please let me know if/when I can expect to receive a formal plan.

Thank you,

*Denise*

Denise M. Vallee, Town Manager  
Town of Gorham  
20 Park Street  
Gorham, NH 03581  
603-466-3322 x2

Denise

Here is what I have on file about the "lane diet" from DOT.

Chris

Chris,

As I discussed on a telephone message, can you comment about the conceptual space for the "5-10' Future OHRV" lane?

Thank you, Larry Keniston, Active Transportation Engineer, Bureau of Highway Design, New Hampshire Department of Transportation, 7 Hazen Drive Concord, New Hampshire, 03302 [Larry.Keniston@dot.nh.gov](mailto:Larry.Keniston@dot.nh.gov) (603) 271-1668

Larry,  
 The Town of Gorham is beginning a planning study to possibly pursue a reconfiguration of the [segment of NH 16 from the northerly intersection of US 2 to Berlin](#). The existing road provides two lanes each way plus a two-way left turn lane, plus a sidewalk on the west side. The general desire is to eliminate two travel lanes, but there's no clear idea of how

best to use the space that this would free up to better accommodate bikes, ped, and possibly OHRVs. Some of the thoughts that have been tossed about are sketched on the typical section below.

I'd like to get your thoughts on what would be your preferred utilization of the available width.

Thanks!  
Mike
