Hi Eileen,

There is a process involved for the permitting of an “on highway” connector that requires an application by DNCR and approval by the Commissioners of DOT and DOS. Attached is the current connector permitting policy. I have also attached a copy of the OHRV crossing policy, which they will need if they plan on crossing the state highway, even if they end up not pursuing the connector trails. The Town should be coordinating their trail system and requests through Clint Savage and/or Craig Rennie of from the DNCR Trails Bureau. Let me know if you need any more information.

Thanks

Phil

Hi Phil-

You may be able to help Eileen in Caleb’s absence and you may have in depth knowledge of this area and current speed limit on Rte 302. Thanks.

Dave

Good Morning,

I need your expertise on this one...
Hope you have a great holiday weekend.

Best,
Eileen

Good Afternoon,

My name is Matt Champagne. I live in Lisbon NH. I am looking to bring forward an OHRV ordinance that would allow ATV/UTV's on town roads for the purpose of accessing the Ammonoosuc Rail Trail as well as food/dining/Fuel. We have Route 302 that runs through the town. If we were to pass a town ordinance, would that allow them to ride on Route 302 or would we need a separate permit for that? The ordinance would limit the travel of Route 302 to the 30 MPH or less area. I just want to make sure I have all the information I need before moving forward.

Thank you for any assistance you can provide.

Matt Champagne
