Hi Maggie,

Still on for next Monday to go up to Nash Stream? How about we meet at our office at 10am? I figure we will drive separately up to the site, since we will be heading up to Pittsburg after we're done at Nash.

Thanks,

Pete

Hi Pete,

Sure, we can look that day. This summer has been so wet there is water popping out of the ground everywhere. I haven't been up to this area at all, but I'm sure there's water there too. Probably worse than what it typically looks like.

I'll pencil it in on the schedule.

Thanks,

Maggie

Hi Maggie,

We're still a few weeks away, but I wanted to get a visit to Nash Stream on your calendar. Jessica Bouchard and I are heading up to CT Lakes for the week of Aug 21-25, and I was hoping we could do our site visit to The Bird on Monday the 21st, on our way further north. Would this work for you? If not, let me know, and we'll work something else out.

Thanks,

Pete
