Hi Brett,

We can certainly provide the results of the IPac consultation for the X-178-2.

I'm cc ing Jeremy Fennell (Eversource) and Jake Tinus and Sherrie Trefry from VHB regarding the status of the IPac consultation for the X-178-1.

We are a little uncertain ourselves how this transition is going to play out.

Thanks.

Hi Kurt,

I'm the Wildlife Biologist tasked with reviewing the Eversource X178-2 project. It looks like the plan is for GZA to handle the IPaC and Section 7 consultation workload, which is fine. I would just ask for the opportunity to review those documents once they're available, and we'll also need to add that documentation to the project record.

Also, are you also involved with the X178-1 project? I had been working with Robert Goulet of the Army Corps on the consultation, but never received any documents and I believe he is now on a detail.

Thanks!  
Brett
