Good afternoon,

I wanted to reach out to check in and make sure we aren't missing any steps on our end for the rare and threatened species consultation for Eversource's X178-1 rebuild project. Looking forward at a schedule for an anticipated start date in November, we want to make sure we are providing all parties involved with all the materials needed to progress this process. Do not hesitate to reach out to myself, or Jake Tinus with any requests or information.

Thank you,

Trent
