Subject: RE: X178-2 Geotech. Status

Hi Kurt,

Great, thank you for letting us know. I will change the status of those two SPNs to Incomplete until we get additional information.

Hope you stay warm this weekend!
Alani

Do not open attachments or click on links unless you recognize the sender and are expecting the email. Do not enter your username and password on sites that you have reached through an email link. Forward suspicious and unexpected messages by clicking the Phish Alert button in your Outlook and if you did click or enter credentials by mistake, report it immediately to helpdesk@doit.nh.gov!

Hi Alani,

I got confirmation yesterday afternoon the soonest the helicopter contractor can be on the system is April 1. The anticipated work duration is 16 days. I've talked to Jenn Buchanan about the issue and will send a formal email request to her regarding the April 1 start.

As far as the SPN is concerned if you can put the review on hold or consider the application incomplete at this time that would work on our end.

Good morning Kurt,

When you have the time, can you please respond to this email with the status of the X178-2 geotechnical boring work. DES wants to ensure we understand where the work is at and if we have any action items on our end.

Thank you,
Alani
