Ridge has this one for AoT. File number is 240320-060. He has had recent communications with the consultant about the status of the application.

Subject: RE: X-178 AoT// Wetlands File 2024-468

All:

Please see Amanda's summary of the status of this Wetlands permit file:

Mary Ann,

This appears to be a question regarding NHDES Wetlands File #2024-00468 for Eversource in the towns of Woodstock, Easton, and Sugar Hill. A Request for More Information was sent to Eversource on May 8, 2024, and their response is due by July 7, 2024. Eversource and their agent, GZA, have indicated that they will respond prior to that date and possibly in time to have the public hearing on June 21, 2024.

Please let me know if you need additional information.

Sincerely,

Amanda Barker-Jobin

Subject: RE: X-178 AoT// Wetlands File 2024-468

Good morning:

It sounds like they are referencing an AOT application, in their question?

Please know that Wetlands has an application for this same line, File 2024-468.
This standard application has been managed by North Country Wetland Specialist, Amanda Barker-Jobin.

The status is: NHDES has requested more information:

[DES \(state.nh.us\)](https://des.state.nh.us)

I have provided Amanda with a courtesy copy in case she has more information to provide.

Thank you-
Mary Ann

Subject: RE: X-178 AoT

That appears to be a problem. I imagine that when this was drafted someone might have been under the impression that the utilities were "public utilities" and thus these easements were public rights of way.

See attached.

The question is about a Wetlands form so please prepare a short response that Darlene or I can send.
