RE: Temporary Driveway Permit # 01-495-6355. On NH- 116 in the Town of Easton, NH.

Dear Mr. Nelson,

Please read and follow all of the conditions of the enclosed permit.
Also, pay particular attention to conditions that pertain to drainage, the grade of the drive, and the width of the drive, and mitigation clause.

Please understand that the driveway is permitted as a Temporary Access Point and must be removed and or sites restored to their original conditions upon completion of the maintenance work on the transmission line.

Please also be aware that some of these locations have limited site distances and signs as well as flaggers are required when vehicles are entering or exiting the driveways.

24 hours prior to construction of the driveway, please contact the Patrol Foreman for this location. The best time to call is at 7AM.

Patrol Foreman: Marc Brodeur

Phone No. (603) 823-5338

Sincerely,

Mario J. Audit
